### Second Quarter 2024 Report to Shareholders

### Kingston, Jamaica - May 9, 2024

The Board of Directors is pleased to release the following unaudited financial results for NCB Financial Group Limited (NCBFG) and its subsidiaries (the Group) for the six months ended March 31, 2024.

The Group reports interim unaudited consolidated net profit of \$13.7 billion for the six months ended March 31, 2024, a notable improvement of 98% or \$6.8 billion over the prior year. Consolidated net profit attributable to stockholders of the parent totalled \$8.7 billion, an 89% or \$4.1 billion increase over the prior year. Net profit of \$7.7 billion for the March 2024 quarter increased by \$1.8 billion or 29% over the first quarter's performance. Comparatively, net profit attributable to stockholders of the parent for the quarter ended March 31, 2024 of \$5.6 billion was 81% or \$2.5 billion higher than the first quarter ended December 31, 2023. Consolidated equity of \$199.1 billion increased by 19% or \$32.1 billion and consolidated equity attributable to stockholders of the parent increased by 16% or \$21.7 billion over the prior year to \$160.0 billion.

The Group's almost twofold increase in net profit over the prior year confirms our commitment and capacity to produce substantial results in the short and medium term with our efforts focussed on specific objectives. This achievement reflects the initial results from our reorganisation and cost optimisation efforts. Over the past six months, we have delivered on the initial commitments made, which have led to a significant shift in the Group's performance and position. Our intense focus on improving customer experience, strengthening governance and enhancing efficiency is showing early signs of success and is expected to accelerate performance improvement over the short to medium term.

The adoption of IFRS 17 – Insurance Contracts on October 1, 2023 by the Group, marked a significant shift in how insurance contracts, particularly in the Life, Health and Pension (LHP) segment, are recognised, measured and presented in the Group's financial statements (see further details in note 5 to the financial statements).

### **Additional Public Offer**

NCBFG launched an Additional Public Offering (APO) of new ordinary shares, with the offer opening on May 6, 2024 and a proposed closing date of May 27, 2024. The invitation by prospectus offers subscription up to a total of 78,500,000 new ordinary shares, with the ability to upsize to a maximum of 117,750,000 shares. The invitation to purchase these additional shares creates a unique opportunity for investors to own a part of the NCB Group, which plays an integral role in the major markets in the region. The Group invested heavily in

For The Six Months Ended March 31, 2024

### Additional Public Offer (continued)

acquisitions over the past several years to build competitive advantages in scale, regional footprint and breadth of financial service offerings. The APO is part of the Group's multi-pronged strategy to increase its resiliency and capitalise on these competitive advantages to:

- provide customers with the most efficient financial services, the convenience of a one-stop shop and comprehensive wealth management solutions; and
- realise on the operating leverage, inherent in the platform, to grow top-line revenues and improve profit margins, thereby producing a multiplier effect on shareholder returns.

### **Group Performance**

Operating income of \$65.3 billion, increased by \$9.4 billion or 17% over the prior year. Four of our seven business segments showed performance improvement with the life and health insurance & pension fund management (LHP) segment being the main contributor to the increase in the Group's operating income.

The Group's key performance indicators, particularly annualised return on assets (ROA) and annualised return on equity (ROE), have increased over the period, improving to 1.22% up from 0.67% and 11.18% up from 7.40%, respectively. The cost to income ratio improved to 70.45% from 78.69% in the prior year and also reduced in the March 2024 quarter to 66.68% from 73.93% in the December 2023 quarter. The positive movement in the cost to income ratio was due to increased revenues and a slower pace of growth in operating expenses, which is consistent with our strategy to realise on the operating leverage inherent in the platform to grow revenues and improve profit margins concurrently.

We remain dedicated to improving our key performance metrics through disciplined execution of our strategic initiatives, innovation and ongoing operational excellence.

### **Banking and Investment Activities**

Net revenues from banking and investment activities of \$40.0 billion represented an increase of 2% or \$817 million when compared to the prior year's results of \$39.2 billion. Net fee and commission income and net interest income increased by \$1.6 billion and \$276 million, respectively. This was mainly due to higher card transaction volumes and growth in our loan and investment portfolios whilst net interest margins declined as asset yield increases continue to lag cost of funds increases. This was partially offset by a \$638 million reduction in gain on foreign currency and investment activities and increased credit impairment losses of \$376 million.

For The Six Months Ended March 31, 2024

### **Group Performance (continued)**

### **Insurance Activities**

Net revenues from our insurance segment was \$25.2 billion, 51% or \$8.6 billion higher than the prior year. This result was primarily attributable to investment income and other income increasing over the prior year by \$11.4 billion whilst net insurance finance expenses only increased by \$3.6 billion, representing a net increase of \$7.7 billion. As previously reported in the first quarter, the life insurance segment utilised an option on adoption of IFRS 17 to redesignate certain financial assets based on a change in its business model. This redesignation of those financial assets to fair value through profit or loss resulted in a one off net gain of \$3.3 billion. During the period, there was also improved unrealised gains from equity investments.

The insurance service result of \$9.3 billion, increased by 10% or \$830 million over the prior year. The insurance service result from our LHP portfolio accounted for the increase whilst the insurance service result from the property and casualty (P&C) portfolio declined.

Net expenses from reinsurance contracts held increased mainly due to P&C property costs.

### **Operating Expenses**

Operating expenses totalled \$47.9 billion, an increase of 5% or \$2.1 billion over the prior year. Depreciation and amortisation charges increased primarily due to a one-off adjustment in the prior year related to policy changes that extended the useful life of certain assets. While we have optimised costs in certain areas, these reductions were not sufficient to offset inflationary increases for other operating expenses.

Improvements to date in our cost-to-income ratio was due to a combination of increased revenue and tangible results from our cost optimisation efforts, which moderated the overall increase in expenses. Efficiency remains a key priority, with particular attention to long-term cost containment to establish a solid foundation for future performance improvements.

### **Consolidated Statement of Financial Position**

Total assets as at March 31, 2024 was \$2.26 trillion, an increase of \$147.2 billion or 7% over the prior year. This was primarily due to increased investment securities and net loans and advances, with funding predominantly provided by repurchase agreements, deposits and other borrowed funds.

### Investment Securities and Reverse Repurchase Agreements

Investment securities, including pledged assets and reverse repurchase agreements, totalled \$1.14 trillion, an increase of 10% or \$106.0 billion over the prior year. This continues to be the Group's largest asset portfolio.

### **Consolidated Statement of Financial Position (continued)**

### Loans and Advances

The Group's loans and advances, net of credit impairment losses, totalled \$633.1 billion, a 6% or \$38.1 billion increase over the prior year. Growth in our consumer and SME and payment services portfolios were the main drivers of the increase. Non-performing loans totalled \$26.3 billion as at March 31, 2024, an increase of \$1.7 billion or 7% over the prior year. Despite the dollar value increase, the non-performing loan ratio remained stable at 4.1% compared to the prior year.

### **Deposits**

Deposits, the Group's principal funding source, grew by 6% or \$40.2 billion to \$754.7 billion as at March 2024, demonstrating confidence and loyalty by customers.

### **Insurance Contracts Liabilities**

Insurance contracts totalled \$518.0 billion, a 4% or \$21.9 billion increase over the prior year, representing continued growth in our insurance segment.

### **Capital and Liquidity**

Equity attributable to stockholders of the parent totalled \$160.0 billion, an increase of \$21.7 billion over the prior year. This was mainly attributable to increased retained earnings, which went up by \$16.5 billion. The shares issued and allotted to executives and former executives accounted for the \$4.9 billion increase in share capital, bringing the total to \$158.8 billion. See note 4 to the financial statements for additional details.

All our regulated entities continue to meet the applicable capital and liquidity regulatory requirements.

### **Dividends**

The Board of Directors, at its meeting on May 9, 2024, declared an interim dividend of \$0.50 per ordinary stock unit. The dividend is payable on June 10, 2024 to stockholders on record as at May 27, 2024.

### Environmental, Social and Governance (ESG)

Our commitment to ESG principles underscores our dedication to sustainability, social responsibility and governance excellence as we prioritise initiatives that drive a positive impact and long-term value creation. The organisation has been conducting assessments of the level of maturity of aspects of the business with respect to

Environmental, Social and Governance activities, and has been in the process of identifying key focus areas. While this process is ongoing, we continue to carry out activities related to each area. Our activities up to March 31, 2024 have included the following:

h

### Environmental:

We continue to pursue themes related to paperless records and contact-less transaction processing, while reaping the benefits of investments made in eco-friendly transaction options with the promotion of higher mobile point of sale availability and adoption. Green financing opportunities also continue to be pursued.

### Social:

Primarily through the Group's Foundations, we have placed significant focus on supporting education, particularly related to technology. This has included payment of Caribbean Examination fees for technology related subjects in Jamaica, in addition to support for programmes in selected educational institutions.

Customer experience has been a priority across the Group. In National Commercial Bank Jamaica Limited, a major channel accessed by customers has been the automated banking machine (ABM) network, where we have achieved peak time availability of 97% in Kingston & St. Andrew Metropolitan Area and rural areas, and 96% in other urban areas in February and March 2024.

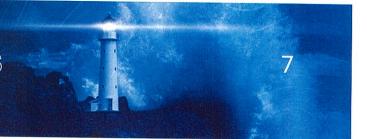

### Governance:

We have continued to strengthen governance at the Board level throughout the Group, including through new appointments of directors in several entities across the region, as we seek to maintain an approach that balances retention of experience with onboarding fresh insights. Our directors and employees continue to be held to high ethical standards, with clearly documented expectations for each group supplemented by appropriate training material.

Data protection and privacy programmes have also been implemented across the Group, built on the recognised (and in some places legislated) standards related to the careful and consensual handling of personal protected information of customers, employees and other stakeholders.

For The Six Months Ended March 31, 2024

### Environmental, Social and Governance (ESG) (continued)

ESG covers a plethora of areas to consider in today's interconnected world. Issues such as climate change mitigation, diversity, financial inclusion, labour practices, ethics, among others are ESG considerations which we have to prioritise to foster resilience to ensure long-term value creation.

NCBFG-Empowering People | Unlocking Dreams | Building Communities.

National Commercial Bank Jamaica Limited | Clarien Group Limited | Guardian Holdings Limited

### 1. Identification and Principal Activities

NCB Financial Group Limited ("the Company") is a financial holding company, incorporated and domiciled in Jamaica. The Company is 48.70% (March 31, 2023 - 52.72%) owned by AIC (Barbados) Limited. The ultimate parent company is Portland Holdings Inc., incorporated in Canada. Portland Holdings Inc. is controlled by Hon. Michael A. Lee-Chin, O.J., Chairman of the Company.

The Company's registered office is located at 32 Trafalgar Road, Kingston 10, Jamaica.

The Company's ordinary stock units are listed on the Jamaica Stock Exchange and the Trinidad and Tobago Stock Exchange.

#### 2. Basis of preparation

The condensed consolidated interim financial statements (interim financial statements) for the six months ended March 31, 2024 have been prepared in accordance with IAS 34, 'Interim financial reporting'. The interim financial statements should be read in conjunction with the annual financial statements for the year ended September 30, 2023 which have been prepared in accordance with International Financial Reporting Standards (IFRS) as issued by the International Accounting Standards Board (IASB). See note 5.

The preparation of financial statements in conformity with IFRS requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Group's accounting policies.

#### 3. Segment reporting

The Group is organised into the following business segments:

- Consumer & SME banking This incorporates the provision of banking services to individual and small and medium business clients.
- Payment services This incorporates the provision of card related and digital/electronic payment services.
- Corporate and commercial banking This incorporates the provision of banking services to large corporate clients.
- Treasury & correspondent banking This incorporates the Group's liquidity and investment management function, management of
  correspondent bank relationships, and relationships with other financial institutions as well as foreign currency dealing activities.
- Wealth, asset management and investment banking This incorporates stock brokerage, securities trading, investment management
  and other financial services provided by certain overseas subsidiaries.
- Life and health insurance & pension fund management This incorporates life and health insurance, investment and pension fund management services.
- General insurance This incorporates property and casualty insurance services.
- Other/Consolidation Adjustments The Group's trustee services, property development, certain inactive subsidiaries and the parent company are classified as Other for segment reporting. Eliminations comprise inter-segment transactions and adjustments on consolidation of the financial statements are also included in this segment.

### 4. Share Capital

	The Group		The Company		
	March 2024 \$'M	March 2023 \$'M	March 2024 \$'M	March 2023 \$'M	
Authorised – unlimited					
Issued and fully paid up –					
2,545,325,512 (2023: 2,466,762,828) ordinary stock					
units of no par value	158,757	153,827	158,757	153,827	
Treasury shares	(25,675)	(26,653)	(11,232)	(11,232)	
	133,082	127,175	147,525	142,595	

Shares were issued and allotted to executives and former executives during the current financial year.

The weighted average number of ordinary stock units in issue for the six months ended March 31, 2024 was 2,353,345,701 (March 2023: 2,298,327,391). The weighted average number of ordinary stock units (excluding treausry shares) is used to compute earnings per share.

### 5. Adoption of IFRS 17 - Insurance Contracts

Effective October 1, 2023, IFRS 17 replaced IFRS 4 Insurance Contracts, materially changing the recognition and measurement of insurance contracts and the corresponding presentation and disclosures in the Group's financial statements.

In accordance with the transition requirements of IFRS 17, the Group has restated its financial statements and is therefore presenting:

1. Within the summarised consolidated statement of financial position, an opening balance sheet as at 1 October 2022, the date of transition to IFRS 17. Differences between the carrying value of assets, liabilities and equity previously recorded and those under IFRS 17 were recorded in retained earnings.

2. Summarised consolidated statement of financial position as at September 30, 2022, now restated under IFRS 17 regime.

3. Summarised consolidated statement of financial position, income, comprehensive income, cash flows and changes in equity as at and for the periods ended March 2024, December 2023, September 2023 and March 2023 in compliance with IFRS 17.

While retrospective application is required, full retrospective to a group of contracts is impractical, the modified retrospective or fair value methods may be used. The Group therefore applied the fair value approach on all long-term portfolios within the Life, Health and Pensions business that were in issue as at October 1, 2022 and prior, and the full retrospective approach thereafter. For all other portfolios, the full retrospective approach was used for all relevant periods.

Refer to Note 58 of the Group's 2023 audited financial statements for further details on the adoption of IFRS 17.

The initial application of IFRS 17 resulted in a reduction of total equity of \$60 billion as at October 1, 2022. The opening IFRS 17 statement of financial position and related adjustments are presented below:

	September 2022

### 5. Adoption of IFRS 17 - Insurance Contracts (Cont'd)

The initial application adjustments arise principally from:

### a. Introduction of the Contractual Service Margin (CSM)

This is a new liability that represents future unearned profits on long-term insurance contracts written.

#### b. The measurement of the Risk Adjustment

This is a concept in IFRS 17 that is similar to the Margins for Adverse Deviation that was previously estimated under IFRS 4. IFRS 17 does however introduce some specific considerations in the calculation and application of this item.

(expressed in Jamaican dollars unless oth

#### c. The determination of Discount Rates

IFRS 17 introduced some changes in how discount rates are determined, primarily removing from consideration the characteristics of the assets which support the related insurance liabilities.

### d. Other measurement changes

This includes changes to the level at which contracts are aggregated for measurement purposes and how contract boundaries are defined.

### e. Presentation changes

Several assets and liabilities experienced no change to their measurement but have been moved to other areas of the financial statements, including:

**Premiums receivable and Policy loans** – These amounts were previously reported in loans and receivables and have now been reclassified to insurance contract liabilities/assets as they are insurance contract related.

**Deposits with/balances due from reinsurers** – These amounts were previously reported in loans and receivables and have now been reclassified to reinsurance contract assets/liabilities as they are related to reinsurance contracts.

**Deposits and premiums received in advance** – These amounts were previously reported in other liabilities and have now been reclassified to insurance contract liabilities/assets as they are insurance contract related.

Amounts due to reinsurers – These amounts were previously reported in other liabilities and have now been reclassified to reinsurance contract assets/liabilities as they are related to reinsurance contracts.

**Deferred acquisition costs** – These were previously reported as a separate line within the assets section of the financial statements and have been reclassified to insurance contract liabilities/assets as they are insurance contract related.

### 6. Divestment of NCB (Cayman) Limited

On February 2, 2024, National Commercial Bank Jamaica Limited, a subsidiary of NCBFG, entered into a Share Purchase Agreement with Berkeley Financial Holdings Ltd (Berkeley), a privately held company based in London, United Kingdom, for the sale of its 100% stake in NCB (Cayman) Limited ("NCB Cayman"). NCB Cayman is domiciled in the Cayman Islands and operates under a Category "A" Banking licence.

The completion of this transaction is subject to conditions including all necessary regulatory approvals. Following the proposed sale, NCBFG, through its subsidiaries, will provide transition support to Berkeley, in addition to maintaining its interest in NCB Capital Markets (Cayman) Ltd.

NCBFG expects to record a gain in its consolidated financial results upon completion of the transaction. Going forward, the sale of NCB Cayman will not have a material impact on the future earnings or the asset base of the Group.
